Livington of New Jersey, today won the four-mile Kentucky endurance stakes on the Churchill Downs course in 7.27 1-5. Flora Fina was second and Prince Eugene third. Flora Fina, after making up a quarter of a mile in the last mile, dropped fifty feet beyond the finish.

J. N. Camden's Bringhurst, a 2-year-old gelding, established a new world's running record for five and one-half furiongs at the Churchill Downs track this afternoon, going the distance in 1.04 3-5. This reduces by one-fifth of a second the record established by Lady Irma at Santa Anita park, Cal., in December, 1908.

Pandorina, ridden by Jookey Gross, took the lead from Prince Eugene in the third mile and finished nearly 100 lengths ahead of Flora Fina. The estimated value of the endurance stake is \$15,000, of which \$10,500 goes to the winner, \$3000 to the second and \$1500 to the third horse. In addition to the winner's portion of this rich cash stake, Mrs. Livingston received a gold cup. Mrs. Livingston for the second time saw her colors carried to victory in the great endurance race, her 6-year-old Sotemia having won the race last year in the world's record time of 7:10 4-5.

The features of the race today was the remarkable fight for second place made by Jockey Loftus on J. W. Johnson's Flora Fina in the final stretch. Harry Payne Whitney's Prince Eugene, favorite and pacemaker for the first two miles, was beaten for the place by four lengths, but just beyond the wire Flora Fina went to her knees and collapsed. It was the greatest display of gameness ever witnessed at historic Churchill Downs. After ten minutes Flora Fina recovered sufficiently to return to her stable, probably having faced the barrier for the last time.

There were but four entries, Beautiful, a 4-year-old black filly owned by T. W. Flynn, was a quarter of a mile back at the finish. Two-dollar mutuels paid; Pandorina, straight \$6.80, place \$3.20; Flora Fins, place \$3.50. No show betting

MATTY GETS OVATION ON ARRIVAL HOME

NEW YORK, Oct. 8.—New York's baseball heroes, conquerors over the Athletics for the day at least, arrived here from Philadelphia early this evening, and ran into a misty rain and a welcoming delegation of several hundred fans. A mighty shout greeted Christy Mathewson when he stepped from the train "Big Six" accepted the ovation smilingly and burried through the crowd to a taxicab.

Merkle, limping badly, leaned on the arm of Jim Thorpe. Meyers's wrist and split thumb were tightly bandaged. "Here we are," said Manager McGraw, "but we look badly battered," nodding toward Merkle and Meyers.

INVESTIGATORS WILL

Exposition Commission Appoints Committee to Compile Information.

No secretary for the state Panama Pacific exposition commission was appointed at the meeting held last night, although the matter was considered, and meantime it was arranged that the clerical work would be done by L. A. Merrill, member and vice president of the commission, without cost to the

state.

After discussion as to the method of division of the fund of \$50,000 available between the expositions at San Francisco and San Diego, it was decided to have a committee visit both piaces and confer with exposition officials in an effort to discover how the best good may be accomplished for the state with the money. The committee consists of Glen Miller, John Q. Critchlow and L. A. Merrill, and that body will leave in a few days on their mission of investigation.

There were dozens of applications for the position of secretary, but owing to the limited amount of funds available it was concluded that an appointment would be best postponed indefinitely. L. A. Merrill will gratuitously perform the offices of secretary pending an appointment in the future.

No appointment of an architect was made, that matter being left over until return of the committee from the coast.

Plans for raising more funds were discussed, and inasmuch as it was announced by the governor that no special session of the state legislature will be called, two other projects were talked over. One was to proceed with expenditures on a larger basis than \$50,000, trusting to the next regular session of the legislature to make good the deficit, and the other was to ask the several counties to come in with appropriations. No definite action was taken, however, Governor Spry assured the commission that officials of all departments of the state government would be at the disposal of the body for the purpose of accumulating data and facilitating displays.

It is likely that no further meeting of the commission will be held until return of the special committee of investigation from San Francisco. Plans for raising more funds were dis-
